The adjourned quarterly general meeting was fixed for April 24th.

Is an interview with a Free Press reporter while in Winnipeg on his way home from Ottawa to Regina, Lieutenant-Governor Mackintosh replied to the question "Are they discussing any Northwestern railway projects at Ottawa, now?" as follows: "I think so far as the Dominion government is concerned, although I am not in a position to speak with any authority, it is improbable that any heavy expenditures in new railway enterprises will be vouchsafed. I hear, however, that a long required want, namely, a bridge over the Saskatchewan at Edmonton will likely be authorized. It will be a great boon to the people of the district."

Not long ago president Van Horne of the C.P.R. prophesied that within two years wheat would be worth \$2.00 a bushel. Mr. Braithwaite, president of the patrons of industry in Manitoba, writes to the Free Press calling attention to the failure of Mr. Van Horne's former prophecies regarding wheat prices, and hints that he has made the statement to induce the farmers of Manitoba to sow more wheat than they otherwise would, having regard only to the results to the railway and not to those to the farmer. However, he makes a proposition to Mr. Van Horne, to the effect that the farmers of Manitoba will allow him to take the wheat that he can if Mr. Van Horne will agree to carry the crop to Ft. William for 12 1/2 per cent. of its market value. Under this arrangement if Mr. Van Horne's prophecy should turn out correct his company would reap an immense profit. Up to date he had not accepted the offer.

THE BRIDGE.

The very full report of the bridge delegates which appears elsewhere in this issue is a clear statement of the work done and of the way in which it was done. Those who approved the sending of the delegates—and that includes almost every voter in town and country—have every reason to be satisfied with their efforts. They evidently used every proper means to bring the matter favorably to the attention of the government and have secured all possible assurances that the bridge will be built. Of course the bridge is not a bridge until it is finished. The appropriation is only one step towards completion. Other steps must be taken after the appropriation is made. The final location must be made, the contract must be let, and the work must be done. Just as these are steps to be taken after the appropriation is made other steps must be taken to secure an appropriation. The government must be convinced of the necessity of the work and shown such reasons for its construction as may as far as possible disarm parliamentary criticism when the sum comes to be voted. The various letters and petitions that have been forwarded to Ottawa on this subject from time to time, the former delegation that was sent down, and now this latest delegation, were all with the one view of securing the appropriation; and if it should be that for any reason an appropriation is not made this session the labor of the delegation will not therefore be thrown away. It will be so much done towards securing our desires at some future date when still more conclusive arguments and still greater pressure can be brought to bear. But there is no reason to believe other than that the delegation has been completely successful, not only in securing an appropriation for the bridge, but in securing the undertaking of the work solely by the government; something that is not likely could have been secured by any other means. The assurances given by the several ministers including the premier, the minister of finance, the minister of public works and the chairman of the privy council, although unofficial, were of a nature and were given under circumstances that do not admit of any change of front on this question. If it was not the intention of the members of the government to grant the bridge it would have been an easy matter and only fair on their part to have said so unofficially; but when they all said the very opposite it must be concluded that as honorable men they meant what they said and that the bridge is assured. In granting the necessary funds for the construction of this most important public work, the government which places it in the estimates and the parliament that votes it will be giving an evidence of their interest in the progress and welfare of the Northwest, throughout the vast extent of which this is the most important public work at present requiring attention. On one point the delegates have been subjected to adverse criticism, namely their suggestion that a grant of land might be made towards the construction of the bridge. But it should be remembered that this was only made in reply to the argument of a lack of funds necessary for the work. It is quite possible that the system of granting land for any purpose other than cultivation by homesteaders is not in the best interests of the country, but as it is a system that has been followed and is still followed throughout the Northwest when railway construction is concerned, professedly in the interests of the development of the country, no doubt the delegates felt that the importance of the bridge in the development of the country and as a necessary addition to the railway already constructed, would equally justify a land grant. That their judgment was correct and their argument sound may be judged by the fact that the argument of lack of funds was not again brought up against the project.

Not the least pleasing feature of the case is that the reception accorded the delegates shows that the government and members of parliament generally take a lively interest in the affairs of this distant outpost of civilization, that the member representing the district, D. W. Davis, M.P., did his part in forwarding the efforts of the delegation and that the minister of interior showed that he fully appreciated the responsibility of his position as representing Northwest interests, and in Ottawa stood faithfully by what he had said in Edmonton on the subject. All of which goes to show that no mistake was made in selecting the members of the delegation and that they discharged their duties with credit to us and to themselves.

Seeding at Treherne, Rathwell and Gladstone, Man., began about April 9th.
Arthur, eldest son of Rt. Rev. Richard Young, church of England bishop of Athabasca, died suddenly in Toronto, on April 10th. He was 16 years of age.
It is likely that Mr. Robertson, dairy commissioner for the Dominion, will visit Manitoba and the Northwest during the summer and address the farmers on mixed farming, dairies, creameries, etc.

BRIDGE DELEGATES.

The following is the report of the delegates sent to Ottawa, to press upon the government the necessity of constructing a traffic bridge across the Saskatchewan at Edmonton:

Edmonton, Alberta,
18 April, 1894.

To the
Mayor and Council,
Town of Edmonton.

Gentlemen,—
On receiving instructions from you on the morning of the 8th of March to proceed to Ottawa to urge upon the Dominion Government the great necessity of building a traffic bridge across the river Saskatchewan at Edmonton, we left the following morning.

Awaiting in Calgary the East bound train, we managed to obtain an interview with the Hon. Jas. A. Longhead, Senator for Alberta, to whom we explained our mission and who promised us all the assistance in his power.

Arriving in Winnipeg we remained over a day to see Supt. Whyte, of the C.P.R., and Mr. Chipman, of the H.B.Co'y. We called on Mr. Whyte, who gave us a letter to Mr. Van Horne, pointing out that the construction of the proposed bridge would enhance the value of all land held by the C.P.R. in this district, and encourage immigration.

Leaving Winnipeg on the 12th of March we proceeded to Ottawa, in company with Senator McInnis and Senator McDonald, of Victoria, B.C., and the following members of parliament: Earle and Prior of B. C., Davin of West Assiniboia, and McDonald of East Assiniboia, also McDonnell of Algoma, all of whom we endeavored to interest favorably in the bridge project, with, we believe, fair success.

At North Bay we separated, Mr. McCauley proceeding to Ottawa and Mr. Kirkpatrick to Toronto to obtain the support of the Imperial bank and others, and joined Mr. McCauley on the 18th at Ottawa.

We immediately called on Mr. Davis, our member, who advised us to see Mr. Daly at once, and gave us to understand that the estimates did not contain an appropriation for our bridge, but that we were in time to have the same put in the supplementary estimates.

We then called on the Hon. T. Mayne Daly, Minister of Interior, to whom we presented copies of resolutions passed at the public meeting held on the 3rd of March, resolutions passed at the meeting held at South Edmonton on the 6th of March, resolutions passed at the meeting of the Patrons of Industry held on the 10th of March, and letters from F. Fraser Tims of Ft. Saskatchewan, and D. Maloney of St. Albert. We also had the following letters: from Hon. Geo. A. Kirkpatrick, Lieut.-Gov. of Ontario; W. C. Van Horne, President of the C.P.R., and C. C. Chipman, Commissioner of the H.B.Co'y.

Mr. Daly assured us of his support and pointed out the advisability of seeing each minister separately, and expressed his gratification at the delegation being sent, believing that it would be of great assistance to him in obtaining an appropriation.

We then held interviews with the following Ministers: Sir John Thompson Premier, Hon. G. E. Foster Minister of Finance, Hon. J. A. Ouimet Minister of Public Works, Hon. Mackenzie Bowell, Minister of Trade and Commerce, Hon. W. B. Ives, President of the Privy Council, Sir Chas. H. Tupper Minister of Marine and Fisheries, Hon. John Costigan, Secretary of State, Hon. J. G. Haggart Minister of Railways and Canals, Sir A. P. Caron, Postmaster-General, and the Hon. A. R. Angers Minister of Agriculture.

In our interview with the Premier Hon. Mr. Daly very ably presented our case and pointed out the injustice of the town of Edmonton being asked to pay a portion of the cost of a public work of such importance. The Premier acknowledged the great necessity of the bridge and stated that the town would not be asked to bear any portion of the cost.

The Hon. Mr. Ouimet produced the plans and specifications of the proposed iron bridge as prepared by the government engineer. He said he would bring a recommendation for the work before the council, and bring forward our arguments for the same.

The Hon. Mr. Foster was interviewed by us in company with Mr. Davis our member. He said he fully recognized the great need of the bridge, but on account of the great reduction in revenue owing to the new tariff the government would be short of funds. We replied that if they were short of funds they had plenty of land in our district and that if 35,000 acres were set aside on the same principle as a railway subsidy, it would more than build the bridge without taking a cent from current revenue.

The Hon. Mr. Ives who visited Edmonton last year expressed himself very strongly in favor of the bridge, as did also all the other ministers.

Lieut.-Gov. Mackintosh promised to speak to the Premier, and do all in his power to help us.

Our thanks are due to the following members: Mason, Cleveland, McKay, Ingram, Boyle and others for their kind assistance.

We were unable to obtain an interview with his Lordship Bishop Grandin at Ottawa but met him in Calgary on our return, when he promised us his influence.

Owing to illness Mr. Nanton was unable to accompany us to Ottawa, but expects to go shortly, when he will use every endeavor to further the work.

We cannot close our report without expressing our appreciation of the assistance given us by Mr. Daly and Mr. Davis, in whose hands we left the matter, feeling confident that they will see that an amount is placed in the supplementary estimates for the erection of the bridge.

Referring to the division of the electoral and judicial districts, these matters we left in the hands of the Hon. Mr. Daly, Senator Longhead and Mr. Davis, feeling that we should push to the utmost our great need, viz. the bridge.

We are happy to say that the sum voted for our expenses will be sufficient, and though suffering a slight pecuniary loss we do not ask for any further sum to be advanced by the Council.

Your obedient servants,
M. McCauley,
G. Kirkpatrick.

BISHOP GRANDIN'S RETURN.
His Lordship Bishop Grandin returned on Monday's train from a lengthy visit to Europe where he has been under medical treatment and where his health has been very much improved. He arrived at St. Joachim's church at 8 p.m., on Monday evening, and was welcomed by a large concourse of people. The Edmonton brass band was present in uniform and played in their usual good style while the Bishop proceeded to the church and prayed at the altar. Monsieur Geo. Roy read an address in French and Mr. N. D. Beck in English. The Bishop answered in English and French, after which he gave the solemn benediction of the blessed sacrament, the choir singing the usual appropriate hymn. His Lordship again addressed the large gathering of the faithful and retired, while the band played for the third time.
On Tuesday morning a reception was given His Lordship at the convent of the Faithful Companions of Jesus, in the building occupied as a boys' school. The room was crowded with the school children in holiday attire and their friends. The following programme was rendered by the children of the school.

Chorus, "Singing Compliment," by the school.
Addresses to His Lordship were read in French by Miss Gariépy and in English by Master Donovan. Marching chorus in character, "Jean d'Arc," by eight young girls. Comic drama, "Old Poz," in which the characters were as follows: Justice Headstrong—Miss Benish Heath; Old Man—Miss Julia Fairbanks; William (servant)—Katie McDonnell; Lucy (daughter of the Justice)—Miss Bertha Fairbanks; Mrs. Bustle (landlady of the hotel), Miss Florence Pagarie. Song in character, "Jean qui Pierre et Jean qui rit" (John who cries and John who laughs), by four very little girls and Miss Gariépy. Comic drama, "La Comtesse Corrigée," characters: Madame le France—Mlle. A. Degagne; Mlle. Emile—Mlle. B. Fairbanks; Mlle. F. Pagarie; Mlle. J. Fairbanks; Docteur—Mlle. F. Pagarie; Domestique—Mlle. Gariépy. Chorus, "Whispering Hope," by the school. Song, "Jesus et St. Jean," by two little girls and Miss Gariépy. Marching song in character, "Les Vendangeuses," (gathering grapes) by the girls' school. Chorus, "In the Starlight," (clover), by the school. Song in character, "Les Filleuses," (The Spinners) by girls. Comic chorus, "Le Carreau et le Renard" (the crow and the fox), by the girls. Drama, "Le plus beau pays" (The most beautiful country), L'Avocat—Master J. Morin; L'Auvergnat—Master P. Lambert; L'Alsacien—G. Gariépy; L'Alsacienne—Master E. Degagne; "Le Normand"—Master A. Brisette; "Le Normande"—Master A. Charbonneau. Chorus (comic), "Petit Pierre"; "Petit Bonhomme"; "Le Petit Ramonneur"; "A que de Merveilles," by the boys' school. Final chorus, "Les Saints et les Anges," by the whole school. His Lordship made a few remarks in French suitable to the occasion, expressing pleasure at seeing Edmonton again, and at the management, behaviour and progress of the school. He left for St. Albert, the end of his long journey, about 11 o'clock.

ADDRESS.
The following address was read by N. D. Beck, Q.C., on the arrival of His Lordship Bishop Grandin at St. Joachim's church on Monday evening last:
To His Lordship,
The Right Reverend Vital J. Grandin,
O.M.L.,
Bishop of St. Albert.

My Lord,—
We, your Edmonton flock shepherd to-day to give you, as our spiritual shepherd, a hearty and loving welcome on your return to your diocese after so long an absence. We know that a serious malady made your departure urgent and we can assure you that during your absence we looked anxiously for favourable reports of your health, and were happy to learn that, though by most severe remedies, a cure of that disease was effected. We nevertheless are aware that it is impossible that your health should be not permanently impaired by so many long years spent for the salvation of souls in the midst of labours and privations which would seem almost incredible save to those intimate with the lives of Catholic Missionaries. We trust that your Lordship will find that during your long enforced absence there has occurred much to gratify you.

We can point to a new school house erected by the devoted religious, The Faithful Companions of Jesus, at their own sole expense. Their generosity in this respect enables the boys attending school to be kept separated from the girls; a thing the accomplishment of which, you, we believe, as well as ourselves, regard as of great advantage to the pupils. We can show your Lordship a new hall erected by the Catholic Mutual Benefit Association for the use, not only of themselves but of all other societies of the congregation. By its means and the attractions it can afford, especially to the young men of the congregation, we look for great results of good. This hall has within the last few days, been the place of meeting of such of us as are French-Canadians, when we formed ourselves into a Catholic St. Jean Baptiste Society for the purpose of preserving our liberty in relation to our faith and our civil and domestic traditions. A new cemetery has been purchased, fenced and partially put in order; and a small mortuary chapel has been erected on it. Furthermore, steps have been taken with a view to the early erection of a general hospital to be owned and conducted by a religious order of Catholic nuns, and also a new church; but both these undertakings have been suspended awaiting your Lordship's return. We look upon the hospital as of the first importance and we are convinced that if immediately proceeded with and erected within the town of Edmonton it will receive substantial assistance from people of all classes and religions.

In what is probably the most important matter that has concerned your Lordship during the interval of your absence the Catholics of Edmonton have not been idle. The first petition presented to the Governor General in Council for the disallowance of the last Northwest school ordinance was that of the trustees of the Edmonton Catholic separate school and we the Catholics take this opportunity to declare, not for the first time, our entire accord with your Lordship and the other Bishops of the Northwest Territories upon the question now being agitated in reference to the education of Catholic children; and we desire to assure

your Lordship you can depend upon our cordial and untiring support so long as the claims made by the Catholic minority continue to be controverted.
In conclusion we wish to say that whatever of good your Lordship may find to gratify you could not have been accomplished but by the advice, encouragement and assistance of our beloved pastor, the Reverend Father Fouquet, who we trust will be permitted to continue for a long time to give us the benefit of his never failing devotedness to our spiritual and temporal welfare.
Offering to your Lordship our willing homage we ask your Lordship's special blessing on ourselves and our families.
Signed on behalf of the congregation of St. Joachim's church Edmonton.

WETASKIWIN.

This favorite district is being rapidly settled. On Friday's train there arrived one hundred and eleven new settlers, most of whom were from the States and were conducted by Mr. Swanson. He states that he will bring a large number of immigrants here this year.

Christopher Fraser and T. H. Ingram have formed a partnership to carry on a creamery at Duhamel, about 20 miles east of this town. The machinery is on the way and the factory will begin work early in May. They already have the promise of the milk of 300 cows. There is a considerable settlement at Duhamel and a creamery will prove a great boon to the district.

The new Methodist church is almost completed and will be opened about the end of May.

As a sign of the rapid settlement of this district two school districts have recently been formed and two others are being petitioned for, within six miles of the town.

During the last fortnight advantage has been taken of the half cleared ground to burn the grass around houses. The remaining patches of snow have prevented the fires from spreading greatly. Fires have been seen in every direction.

Mr. Norman has brought in his stock of 29 cattle from the Sturgeon, for which he traded the Wetaskiwin hotel to Thomas Anderson. The latter is now running the hotel.

A vote of the ratepayers was taken on Saturday last for the issue of debentures for \$3,000 for the erection of a new school. There was only one dissenting vote.

RECEPTION TO BISHOP GRANDIN AT SAINT ALBERT.

On Tuesday, 17th inst., His Lordship Bishop Vital Grandin arrived at St. Albert after an absence of fourteen months, during which time he visited Italy, France and Belgium on business connected with his order. While in France he had a painful surgical operation performed which we are glad to say terminated successfully, and he is now restored to health. His Lordship was met on the trail by over forty fairly mounted men and a number of carriages, also the house band of the St. Albert orphanage. He was invested in his robes at the St. Albert hotel, and a religious procession accompanied him to the church, where a hymn of praise was sung, and addresses read to him from both the French and English speaking members of his congregation. Dr. Benoit reading that the French and Mr. McKenney that of the English. The Bishop returned his thanks to all who had helped to welcome him home and said that he now was glad to be amongst his own once more, and his chief hope was that he now could end his days amongst his grateful and happy people. He also touched briefly upon the school question and hoped that Catholics would be allowed the right of educating their children in their own religion. Prayers concluded the ceremony in the church. The Bishop entertained the various committees to luncheon, and in the evening a concert was given in the school house, where a beautiful silver basket filled with flowers was presented to His Lordship by the Misses Brousseau, Maloney and Constantine. An address from the scholars was ably read by Masters Flynn and Chevigny. The program of the concert included a drama, comedy and a child's cantata entitled "Christopher Columbus," thus bringing a very pleasant day to an enjoyable close. The decorations on route and at the church were very fine. A large number of people were present from the surrounding district.

BOARD OF TRADE.

The quarterly general meeting of the Edmonton board of trade was held in the town hall on Wednesday, April 11th, W. Johnstone Walker in the chair. The minutes of the meeting held on Feb. 14th were adopted as also the reports of the meetings of the council on Feb. 20th and April 3rd.

Woodworth—Kirkpatrick moved that the letter of Messrs. Board and others of Feb. 15th, 1894, be read and considered at next general meeting of the full board.

Braithwaite—McLeod, moved that the following applicants be admitted to membership: Malcolm McLeod, lumber merchant; G. T. Bragg, insurance agent; N. G. Flater, architect; D. Maloney, real estate agent; W. T. Livock, H.B.C. Carried unanimously.

McLeod—Braithwaite moved that the report of the council's committee on the revision of the by-laws, dated 2nd April, 1894, be adopted and take effect immediately.

The meeting was adjourned until Tuesday April 24.

THE TARIFF.

The following is an extract from the speech in parliament of Jos. Martin, M.P. for Winnipeg, on the tariff: It was not true that the agitation in the Northwest was merely aimed at a few articles like implements, binder twine and barbed wire. What the farmers and others complained of was that everything used in their business was excessively taxed. If the farmers' condition was to be improved there must be substantial reduction in the tariff. Hon. Mr. Foster had stated that the average rate of duty upon dutiable articles was 28 per cent., but he found that the average rate to be imposed upon articles used by farmers under the new tariff was higher than that.

The abolition of duty upon lumber was a benefit to the Northwest, but dressed lumber, as well as undressed, should be free, otherwise the people would be deluded and their lumber would not be free. The duty on wire nails was still to be 60 per cent and cut nails would still pay 60 per cent. Both these articles were of prime importance to Northwest farmers. Builders' hardware which formerly paid 35 per cent., was reduced by 25 per cent.; surely the farmers should be entitled over that. The duty on rope had been increased. Specific duties were still retained on iron and steel, and the average duty upon these articles was 46 per cent., and barbed wire would still pay 30 per cent. If implements should only pay 20 per cent., why charge 30 per cent. on barbed wire? Was it because there was a special combine to protect? Thirty-five per cent. would still be charged on axes, harvest tools, spades and shovels, though they were as necessary to the farmers as implements. The fact that the government had gone into the business of making binder twine was no excuse for retaining the duty upon that commodity. Upon nothing that farmers used was there low duties, whereas raw materials used by manufacturers were either free or paid only nominal rates of duty. Cotton manufacturers and other monopolists obtained their raw materials free, but the free list shows that in only 18 out of 265 articles were farmers interested. The reduction of duty upon implements only referred to harrows, harvesters, mowers, plows and seed drills. Other implements, such as threshers, separators, fanning mills and portable steam engines, were still to be taxed at the old rates. On agricultural implements, altogether the government's proposed reduction was merely nominal. It was the duty of the government to consider the position of the farmers who used iron when they went on imposing high duties for the benefit of the makers of iron.
